

# Rinnai

## Rinnai Portable Gas Radiant Heaters

Some might call them old fashioned, but Radiant style gas heaters still offer the highest 5.9 Star efficiency heating available today. Put simply, you can't get a more efficient gas heater!

There are two styles of Radiant Heaters in the Rinnai range – Radiant Convectors that combine the cosiness of radiant heat with fan forced convection heating, and Compact Radiants that offer cosy radiant heat only.

### Radiant Convectors

- Cosy radiant warmth combined with a powerful fan
- Half the size of other products on the market with exactly the same heat output
- Compact design makes it easy to move from room to room and store away
- Electronic Ignition for guaranteed lighting every time
- Top mounted push buttons for ease of operation
- Variable heat settings catering to your exact heating requirements
- Choice of 2 models available in Platinum Silver or Off White
- Safety Features include: tilt switch, oxygen depletion sensor, flame failure safety system and a dress guard

Experience Our Innovation

## Radiants

- Cosy radiant warmth delivering heat wherever you need it
- Ideal for heating smaller areas or spot heating
- Compact and lightweight design makes them easy to move around
- Cost effective and efficient operation
- Simple to use High/Low burner settings to suit your heating needs
- Easy to use ignition system that lights first time, every time
- Choice of 3 models available in Platinum Silver
- Safety Features include: tilt switch, oxygen depletion sensor, flame failure safety system and a dress guard
